Discussion Questions

Closing Prayer

Questions to guide your discussion; as time allows, general conversation about the sermon is welcomed

Around the Circle: A question to get everyone talking and involved

- If someone categorized you in middle or high school, what clique/group/division would you land in? How did that make you feel?

Select Few: Questions designed for a few group members to offer personal experience or vulnerable insights.

- What contemporary division is most exhausting for you and why?
- Read 1 Kings 3:16- 23. King Solomon was faced with an impossible scenario here. If faced with the same dilemma what would have been your first response?
- Where in your life have you 'made up your mind' and are feeling the tension with that resolution?
- In what areas of your life do you need to allow compassion to overtake certainty?

Dig Deep: A question that may or may not be answered in session, but should be encouraged for members to wrestle with all week.

- Do you love life more than you love being right?
